THIS IS HOW IT ALL STARTED

**With decades of experience
and filled with a dream, a
young family decided to
venture on their own...**

ABOUT US

We started in a small workshop in 1986 making pieces in earthenware, mainly decorative and heavily hand painted. Shortly after we ventured to the red clay, where we made decorative garden pieces. After a restructuration of the company (around the late 90's) we had an increase in production capacity and continued only to make decorative earthenware pieces, leaving the red clay behind. A few years later we introduced fine stoneware into our production and started to dabble in dinnerware. In 2017 our factory suffered another big restructuration, due to the increase in production capacity (around 200 000 pieces monthly).

Today we take our commitment to planet Earth very seriously; by implementing daily measures to reduce the impact we have and continue to develop new pieces and techniques.

MOS Portugal started in 2015, with a dream of taking to all over the world the products produced in our region, by our people joining the most modern production methods with the oldest knowledge from the ceramic tradition of our region.

CERAMIC TRADITION WITH THE DESIGN AND AESTHETICS OF THE PRESENT

MOS intends to take to all over the world the products produced in our region, by our people joining the most modern production methods with the oldest knowledge from the ceramic tradition of our region. The inspiration in the traditional and handcrafted pieces from the past joined with the trends in the design and aesthetics of the present is the main concept of our brand and it's reflected in our collection. Our brand essentially creates fine stoneware tableware that's complemented with some decorative earthenware vases and candles.

A MOS pretende levar a todo o mundo os produtos produzidos na nossa região, pelas nossas gentes aliando os mais modernos métodos de produção aos mais antigos conhecimentos da tradição cerâmica da nossa região. A inspiração nas peças tradicionais e artesanais do passado aliada às tendências de design e estética do presente é o conceito principal da nossa marca e reflecte-se na nossa coleção. A nossa marca cria essencialmente louça de mesa em grés fino que é complementada com alguns vasos decorativos em faiança e velas.

OUR SUSTAINABILITY MISSION

**For a better future for all of us.
For a sustainable future.**

At MOS Portugal we create unique and sustainable pieces from the best local clays and paraffins. From dinnerware pieces to decorative pieces and candles all made in Portugal by us, using sustainable methods.

Our choice of materials translates our commitment to bringing the best and unique designs to the tables and homes, while respecting our planet.

Na MOS Portugal criamos peças únicas e sustentáveis a partir das melhores argilas e parafinas locais. Desde peças de loiça a peças decorativas e velas, todas elas feitas em Portugal por nós, utilizando métodos sustentáveis.

A nossa escolha de materiais traduz o nosso compromisso em trazer os melhores e únicos designs para as mesas e casas, respeitando o nosso planeta.

SUSTAINABLE METHODS & CLAYS.

At MOS Portugal we are committed to making our products more sustainable. They are eco-friendly, reusable and recyclable, made with non-toxic and leadfree materials.

All our products are manufactured in Portugal, using the best local natural resources. Our

kilns release heat that is used for other equipment, we save water by carefully treating and reusing it for internal cleaning processes or reintroducing it in our production processes. Also, we use the solar energy to power our entire factory.

Our products are more durable, as they are resistant to thermal and mechanical shocks, meaning it doesn't chip easily and it can withstand high temperatures. It also has a longer lifespan, compared to more fragile ceramics, reducing the rate of replacement.

ECO

ECO-DESIGN

Our designers carefully design the products taking into account all the different fases of production in order to promote a more sustainable product.

By considering all fases of production, form, ergonomics, aesthetics, quality, production costs, distribution, usability, amongst others we can limit the environmental impact of our products. Resulting in an efficient production and optimization of our resources, which minimizes waste during production.

ENERGY EFFICIENCY

In the past few years we have made a significant investement in renewable energy projects.

Today our infrastructure is self-sustainable during solar periods, anually we consume around 70% of solar energy (producing 175 138 Kw anually).

We reuse the heat from our kilns to enhance the efficiency of our equipment, making our production more sustainable.

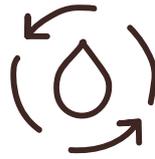

WASTE MANAGEMENT

All our waste is carefully managed, more than 95% is sent for recycling or valorization processes.

In our facilities we recycle our factory's excess clay into new pieces, limiting transport emissions and material waste.

We've developed our own clay, which is a new raw material created by recycling, reusing and repurposing diferent clays and raw materials from our own waste and from meighoring industries.

WATER TREATMENT

All our waters are carefully treated in our own industrial wastewater treatment plant and then recicled and reused for internal cleaning processes or reintroduced in our production process.

PACKAGING

Our products are packed using recycled and recyclable materials and are 100% plastic-free. All our boxes are made from recycling materials, sealed with recycled paper tape, recyclable and reusable.

ETHICAL BUSINESS PRATICES

We are committed to maintaining high ethical standards in our business operation. That includes treating our employees fairly, adhering to laws and regulations and transparency. MOS prioritizes a positive and respectful work environment. We invest in continuous employee training and in the safety of our workforce, by ensuring safe working conditions.

We strive for diversity, gender equality and non-discrimination in our workforce. We employ over 100 employees, from different nationalities, women make up 80% of our staff.

Anually, we strive to support and engage with local institutions and donate products to associations for fundraising, contributing to social progress.

ALCOA

ALCOA

On the banks of the River Alcoa, we find the beautiful city of Alcobaça, which has both a convent tradition and a ceramics tradition. And it is here that “Alcoa” passes, with its organic lines typical of its natural course, with a “stone” finish in natural tones inspired by the Alcobaça monastery. A rustic, organic and sophisticated line that combines the traditional with the modern and that, as they say about Alcobaça - you can't go past it without coming back!

ALVOR

ALVOR

Between the lagoon and the Atlantic Ocean lies the picturesque village of Alvor, where white-washed walls meet the blues of the sea and sky. It is from this bright and serene landscape that “Alvor” is born—a collection of vases with soft, elegant forms inspired by boat sails, salt pans, and the gentle rhythm of village life. With natural finishes and textures that evoke sand and sea breeze, this is a light, contemporary, and timeless line. Like Alvor itself, these are pieces that invite you to stay, to contemplate, and to return.

AVEIRO

AVEIRO

Between canals, traditional moliceiro boats, and light reflected on the water, we find Aveiro—a city shaped by movement and color. It is from this unique landscape that “Aveiro” is born, a reactive-glaze tableware collection. Each piece reflects the fluidity of the lagoon, the salt pans, and the city’s artisanal character, resulting in an elegant and contemporary line that transforms the table into a space for sharing and contemplation. Like Aveiro itself, this is a collection where tradition meets modernity, always in constant motion.

CHIC

CHIC

The Chic collection captivates us with its timeless and refined design. With matte and neutral tones, this collection has a touch of glamor with its hand-painted gold rim. Inspired by royal tables, but adapted to contemporary times, it incorporates a natural elegance that transforms small moments at the table into special occasions.

Fine stoneware. Made in Portugal.

Suitable for oven and freezer. Not recommended for intensive use in the dishwasher. Not suitable for microwaves.

GERÈS

GERÊS

In the heart of the northern mountains, where water flows freely among rocks and nature remains in its purest state, we find Gerês. From this untouched and powerful landscape is born “Gerês”, a collection of vases with solid, organic forms inspired by valleys, waterfalls, and the mineral strength of the mountains. A line that balances robustness and delicacy and, like Gerês itself, invites a return to the essence.

Earthenware. Made in Portugal.

LISBOA

LISBOA

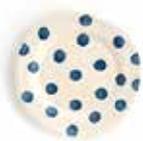

The blue and white Portuguese tiles that predominate in the streets of Lisbon and its bright houses and buildings were the inspiration for the Lisboa collection. This hand-painted collection invites us to welcome Lisbon into our homes, taking us back to our origins and traditions.

A colorful, fun and delicate collection that brings joy to any home.

Fine stoneware. Made in Portugal.

Suitable for oven, microwave, freezer and dishwasher

LOTTA

LOTA

By the Atlantic Ocean, at Praia da Lota in Manta Rota, the sea sets the rhythm and life is deeply connected to fishing traditions. From this authentic coastal landscape is born “Lota”, a tableware collection that celebrates the simplicity and character of the Algarve shoreline. A fresh and timeless collection where tradition meets everyday dining—just like Lota itself: simple, genuine, and full of flavor.

Fine stoneware. Made in Portugal.

Suitable for oven, microwave, freezer and dishwasher

MARVÃO

MARVÃO

Between pine forests, lagoons and the blue Atlantic, Melides holds the essence of coastal Alentejo - serene, bright and full of character. It's from this landscape that the "Melides" collection was born, with simple, natural shapes that evoke the lightness of the dunes and the rusticity of the land. The dry green, yellow and cream tones reflect the balance between the countryside and the sea, between raw nature and contemporary design. A collection where calm is molded into ceramics, with the soul of a place where time runs slowly - and to which you always want to return.

NAZARÉ

NAZARÉ

As the name suggests, this collection is inspired by our fishing village of Nazaré, its people, its sea, its white sands gilded by the sun, fishing and surfing. A soft, hand-painted collection in blue and white tones in which the traditional and the contemporary come together as one, enveloping us like the sea breeze!

ÓBIDOS

Between ancient walls and flowery streets, Óbidos is born, a collection that celebrates the delicacy of time, earth and memory. Inspired by the romantic beauty of the town, this line combines cream and pink tones with a flowing brown rim, as if the clay carried with it the softness of flowers and the strength of stones. Each piece is a reflection of the soft light that falls on the roofs of Óbidos at dusk - serene, intimate and eternally beautiful. Óbidos is more than a collection. It's a place where love of tradition is transformed into shape, color and texture.

Fine stoneware. Made in Portugal.

SEIA

SEIA

With marked snowflakes, typical of the harsh winter in the town of Seia (Serra da Estrela) this collection is dressed in Christmas tones: white, red and gray. Made up of various pieces for the whole house, from the kitchen to the living room, it takes us back to the warmth and magic of Christmas Eve, with grandparents, parents and grandchildren bustling around the kitchen - with various aromas mixed in: rice pudding, cod with cabbage, cookies, Serra da Estrela cheese...

Seia is the charm, the magic of Christmas happening...

BRAGA

A close-up photograph of a modern bathroom. In the foreground, a white ceramic sink is partially visible. To the left, a bar of dark brown soap with a lighter, marbled pattern sits on a white, oval-shaped soap dish. The background is a white wall with a subtle, veined pattern. A gold-colored faucet is visible on the right side of the sink, with a thin stream of water falling into it. The overall aesthetic is clean and minimalist.

BRAGA

BRAGA

Between the solemnity of its monuments and the vibrant life in its streets, we find Braga — a city where tradition and modernity coexist in harmony. From this timeless heritage comes “Braga,” a collection of bathroom accessories defined by balanced forms and refined lines. A discreet and elegant line, designed for everyday use, that transforms the bathroom into a space of calm and contemplation, just as Braga invites us to experience time with meaning.
