THIS IS HOW IT ALL STARTED

**With decades of experience
and filled with a dream, a
young family decided to
venture on their own...**

ABOUT US

We started in a small workshop in 1986 making pieces in earthenware, mainly decorative and heavily hand painted. Shortly after we ventured to the red clay, where we made decorative garden pieces. After a restructuration of the company (around the late 90's) we had an increase in production capacity and continued only to make decorative earthenware pieces, leaving the red clay behind. A few years later we introduced fine stoneware into our production and started to dabble in dinnerware. In 2017 our factory suffered another big restructuration, due to the increase in production capacity (around 200 000 pieces monthly).

Today we take our commitment to planet Earth very seriously; by implementing daily measures to reduce the impact we have and continue to develop new pieces and techniques.

MOS Portugal started in 2015, with a dream of taking to all over the world the products produced in our region, by our people joining the most modern production methods with the oldest knowledge from the ceramic tradition of our region.

CERAMIC TRADITION WITH THE DESIGN AND AESTHETICS OF THE PRESENT

MOS intends to take to all over the world the products produced in our region, by our people joining the most modern production methods with the oldest knowledge from the ceramic tradition of our region. The inspiration in the traditional and handcrafted pieces from the past joined with the trends in the design and aesthetics of the present is the main concept of our brand and it's reflected in our collection. Our brand essentially creates fine stoneware tableware that's complemented with some decorative earthenware vases and candles.

A MOS pretende levar a todo o mundo os produtos produzidos na nossa região, pelas nossas gentes aliando os mais modernos métodos de produção aos mais antigos conhecimentos da tradição cerâmica da nossa região. A inspiração nas peças tradicionais e artesanais do passado aliada às tendências de design e estética do presente é o conceito principal da nossa marca e reflecte-se na nossa coleção. A nossa marca cria essencialmente louça de mesa em grés fino que é complementada com alguns vasos decorativos em faiança e velas.

OUR SUSTAINABILITY MISSION

**For a better future for all of us.
For a sustainable future.**

At MOS Portugal we create unique and sustainable pieces from the best local clays and paraffins. From dinnerware pieces to decorative pieces and candles all made in Portugal by us, using sustainable methods.

Our choice of materials translates our commitment to bringing the best and unique designs to the tables and homes, while respecting our planet.

Na MOS Portugal criamos peças únicas e sustentáveis a partir das melhores argilas e parafinas locais. Desde peças de loiça a peças decorativas e velas, todas elas feitas em Portugal por nós, utilizando métodos sustentáveis.

A nossa escolha de materiais traduz o nosso compromisso em trazer os melhores e únicos designs para as mesas e casas, respeitando o nosso planeta.

SUSTAINABLE METHODS & CLAYS.

At MOS Portugal we are committed to making our products more sustainable. They are eco-friendly, reusable and recyclable, made with non-toxic and leadfree materials.

All our products are manufactured in Portugal, using the best local natural resources. Our

kilns release heat that is used for other equipment, we save water by carefully treating and reusing it for internal cleaning processes or reintroducing it in our production processes. Also, we use the solar energy to power our entire factory.

Our products are more durable, as they are resistant to thermal and mechanical shocks, meaning it doesn't chip easily and it can withstand high temperatures. It also has a longer lifespan, compared to more fragile ceramics, reducing the rate of replacement.

ECO-DESIGN

Our designers carefully design the products taking into account all the different fases of production in order to promote a more sustainable product.

By considering all fases of production, form, ergonomics, aesthetics, quality, production costs, distribution, usability, amongst others we can limit the environmental impact of our products. Resulting in an efficient production and optimization of our resources, which minimizes waste during production.

WATER TREATMENT

All our waters are carefully treated in our own industrial wastewater treatment plant and then recicled and reused for internal cleaning processes or reintroduced in our production process.

PACKAGING

Our products are packed using recycled and recyclable materials and are 100% plastic-free. All our boxes are made from recycling materials, sealed with recycled paper tape, recyclable and reusable.

ENERGY EFFICIENCY

In the past few years we have made a significant investement in renewable energy projects.

Today our infrastructure is self-sustainable during solar periods, anually we consume around 70% of solar energy (producing 175 138 Kw anually).

We reuse the heat from our kilns to enhance the efficiency of our equipment, making our production more sustainable.

WASTE MANAGEMENT

All our waste is carefully managed, more than 95% is sent for recycling or valorization processes.

In our facilities we recycle our factory's excess clay into new pieces, limiting transport emissions and material waste.

We've developed our own clay, which is a new raw material created by recycling, reusing and repurposing diferent clays and raw materials from our own waste and from meighoring industries.

ETHICAL BUSINESS PRATICES

We are committed to maintaining high ethical standards in our business operation. That includes treating our employees fairly, adhering to laws and regulations and transparency. MOS prioritizes a positive and respectful work environment. We invest in continuous employee training and in the safety of our workforce, by ensuring safe working conditions.

We strive for diversity, gender equality and non-discrimination in our workforce. We employ over 100 employees, from different nacionalities, women make up 80% of our staff.

Anually, we strive to support and engage with local institutions and donate products to as-sociations for fundraising, contributing to social progress.

ALCOA

ALCOA

On the banks of the River Alcoa, we find the beautiful city of Alcobaça, which has both a convent tradition and a ceramics tradition. And it is here that “Alcoa” passes, with its organic lines typical of its natural course, with a “stone” finish in natural tones inspired by the Alcobaça monastery. A rustic, organic and sophisticated line that combines the traditional with the modern and that, as they say about Alcobaça - you can't go past it without coming back!

Fine stoneware. Made in Portugal.

Suitable for oven, microwave, freezer and dishwasher

The image features two large, white, textured ceramic pots in the foreground, showing signs of wear with yellowish-brown stains. They are surrounded by lush green foliage, including broad leaves and thin branches. The background consists of a bed of small, light-colored stones and a white fence. The word "ALVOR" is written vertically in white, serif capital letters on the right side of the image.

ALVOR

ALVOR

Between the lagoon and the Atlantic Ocean lies the picturesque village of Alvor, where white-washed walls meet the blues of the sea and sky. It is from this bright and serene landscape that “Alvor” is born—a collection of vases with soft, elegant forms inspired by boat sails, salt pans, and the gentle rhythm of village life. With natural finishes and textures that evoke sand and sea breeze, this is a light, contemporary, and timeless line. Like Alvor itself, these are pieces that invite you to stay, to contemplate, and to return.

Earthenware. Made in Portugal.

AIRE

AIRE

Inspired by the natural beauty of the Sierra de Aire, the Aire collection features unique candle-pots made with soy wax and enveloping fragrances and vases. The irregular shapes and shine of the glaze make each candle an exclusive piece, perfect for creating a cozy and peaceful atmosphere. The combination of soy wax and selected essences guarantees a unique sensory experience, ideal for relaxing and transforming any environment.

A still life composition featuring stacked ceramic plates, a sprig of eucalyptus, and gold-colored cutlery on a white tablecloth. The top plate is a light beige color with a subtle radial texture. Below it is a darker, blue-grey plate with a similar texture. A sprig of eucalyptus with several green, oval-shaped leaves and a few pale, dried ones is placed across the plates. In the bottom right corner, the handles of a gold-colored fork and knife are visible, resting on a white, textured tablecloth. The word "AVEIRO" is written in a white, serif font, oriented vertically along the right side of the image.

AVEIRO

AVEIRO

Between canals, traditional moliceiro boats, and light reflected on the water, we find Aveiro—a city shaped by movement and color. It is from this unique landscape that “Aveiro” is born, a reactive-glaze tableware collection. Each piece reflects the fluidity of the lagoon, the salt pans, and the city’s artisanal character, resulting in an elegant and contemporary line that transforms the table into a space for sharing and contemplation. Like Aveiro itself, this is a collection where tradition meets modernity, always in constant motion.

Fine stoneware. Made in Portugal.

Suitable for oven, microwave, freezer and dishwasher

AVIS

AVIS

Inspired by the landscapes of the Alentejo, where spring blankets the countryside with delicate daisies, Avis is born. A collection that celebrates the simple beauty of Portuguese nature through a contemporary design. Set against a bright, glossy white surface, delicate daisies bloom gracefully, evoking the serenity of flowering fields and the authenticity of Portuguese tradition. Elegant and timeless, Avis transforms every table into an invitation to gather, share, and celebrate life's most special moments.

Fine stoneware. Made in Portugal.

Suitable for oven, microwave, freezer and dishwasher

BATALHA

BATALHA

The power of stone transformed into delicacy. Inspired by the Batalha Monastery, this ceramic collection reflects Gothic grandeur in soft, natural tones, with flowing finishes reminiscent of material carved by time.

Batalha is a line that combines solidity and poetry, bringing the memory of history and the timeless beauty of Portuguese art to every table.

Fine stoneware. Made in Portugal.

Suitable for oven, microwave, freezer and dishwasher

CASTELO

CASTELO

Roman style with green turrets and a blue backdrop, once inhabited by the mayor D. Fuas Roupinho, this is the castle of Porto de Mós, the inspiration for this collection. Organic pieces, with a relief reminiscent of the castle walls, decorated with unique reactive glass developed in Porto de Mós by its people, thus forming an alliance between the past and the present!

Fine stoneware. Made in Portugal.

Suitable for oven, microwave, freezer and dishwasher

COMFORTA

COMPORTA

Inspired by the tranquillity and beauty of Comporta's landscapes, this collection features vases and candleholders in soft shades of sand, neutrals and whites, creating a serene and sophisticated atmosphere. The soft tones and subtle finishes bring a touch of light and freshness to any environment, while the textures and details create depth and visual interest. The Comporta collection is perfect for those who appreciate minimalism and timeless beauty, bringing the essence of the Portuguese coastline into the heart of your home.

Scented candles with soy wax. Vases.

ENNO

ENNO

With its sublime texture and delicate organic shapes, ENNO is our collection of excellence. Made up of a palette of matt and translucent colours and decorations that blend harmoniously together. A sophisticated collection that catches the eye at first glance.

Fine stoneware. Made in Portugal.

Suitable for oven, microwave, freezer and dishwasher

ESTREMOZ

ESTREMOZ

Inspired by the timeless beauty of Estremoz and its renowned marble, this collection celebrates the harmony between architecture and craftsmanship. Bold graphic patterns, sculptural silhouettes and striking black-and-white contrasts reinterpret Portuguese ceramic tradition through a contemporary perspective. Designed as statement pieces, each vase transforms rhythm, texture and balance into a refined expression of modern artistry.

Earthenware. Made in Portugal.

GERÈS

GERÊS

In the heart of the northern mountains, where water flows freely among rocks and nature remains in its purest state, we find Gerês. From this untouched and powerful landscape is born “Gerês”, a collection of vases with solid, organic forms inspired by valleys, waterfalls, and the mineral strength of the mountains. A line that balances robustness and delicacy and, like Gerês itself, invites a return to the essence.

Earthenware. Made in Portugal.

LISBOA

LISBOA

The blue and white Portuguese tiles that predominate in the streets of Lisbon and its bright houses and buildings were the inspiration for the Lisboa collection. This hand-painted collection invites us to welcome Lisbon into our homes, taking us back to our origins and traditions.

A colorful, fun and delicate collection that brings joy to any home.

Fine stoneware. Made in Portugal.

Suitable for oven, microwave, freezer and dishwasher

A close-up photograph of a Marvão mushroom (Marvã) growing on a grey, speckled rock. The mushroom has a light brown, textured, bell-shaped cap and a thick, dark brown, bumpy stalk. The background is blurred, showing more of the rock and some green foliage in the upper left corner.

MARVÃO

MARVÃO

Between pine forests, lagoons and the blue Atlantic, Melides holds the essence of coastal Alentejo - serene, bright and full of character. It's from this landscape that the "Melides" collection was born, with simple, natural shapes that evoke the lightness of the dunes and the rusticity of the land. The dry green, yellow and cream tones reflect the balance between the countryside and the sea, between raw nature and contemporary design. A collection where calm is molded into ceramics, with the soul of a place where time runs slowly - and to which you always want to return.

ÓBIDOS

ÓBIDOS

Between ancient walls and flowery streets, Óbidos is born, a collection that celebrates the delicacy of time, earth and memory. Inspired by the romantic beauty of the town, this line combines cream and pink tones with a flowing brown rim, as if the clay carried with it the softness of flowers and the strength of stones. Each piece is a reflection of the soft light that falls on the roofs of Óbidos at dusk - serene, intimate and eternally beautiful. Óbidos is more than a collection. It's a place where love of tradition is transformed into shape, color and texture.
